

# INFORMATION TECHNOLOGIES FOR SHIPPING COMPANIES

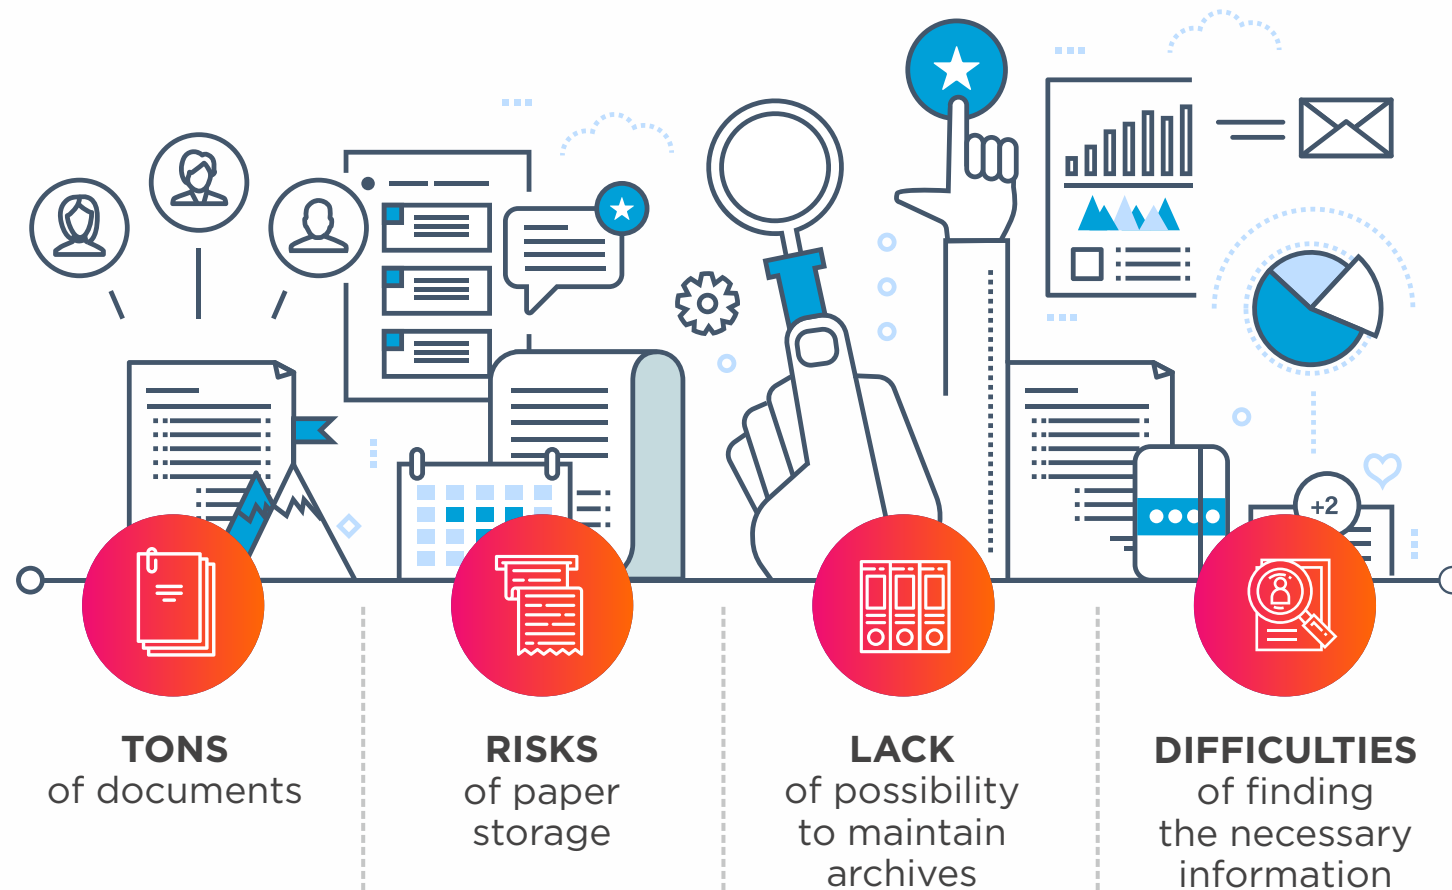

WE ACCELERATE PROCESSES AND IMPROVE QUALITY OF WORK

WAYL

wayl

## YOU STILL HAVE **PAPER-BASED WORKFLOW?**

In spite of the fact that it's the 21st century, and the time of paper documents is coming to an end, many companies, including the large ones, are slow to transfer their document flow into electronic form and archives into clouds.

### **WHAT ARE THE OBSTACLES?**

**FEAR OF NOVELTY?  
LACK OF EQUIPMENT?  
MENTALITY?**

Or maybe it's just the lack of ready solutions for a specific industry?

## SOLUTION

## WAYL SOFTWARE

This is the unique opportunities for shipping companies and their end customers

This is a digital format instead of tons of paper, simple administration and formatting of reports

This is transparent business processes and effectiveness of management control

This is a high level of confidentiality, restricted access to documentation

This is a breakthrough in the work of shipping companies, unlimited opportunities for expansion of functionality

## WHAT TASKS DOES WAYL SOLVE

Document  
igitalization and  
unification

Data  
storage and  
archiving

Cost cutting  
for stationery  
purchase

Expansion of  
vessel control  
possibilities

Organization of  
personnel  
document flow

Optimization of work  
with suppliers,  
including holding  
internal competitions

Reunification of  
administrative and technical  
parts of business

Efficiency in  
work with  
customers

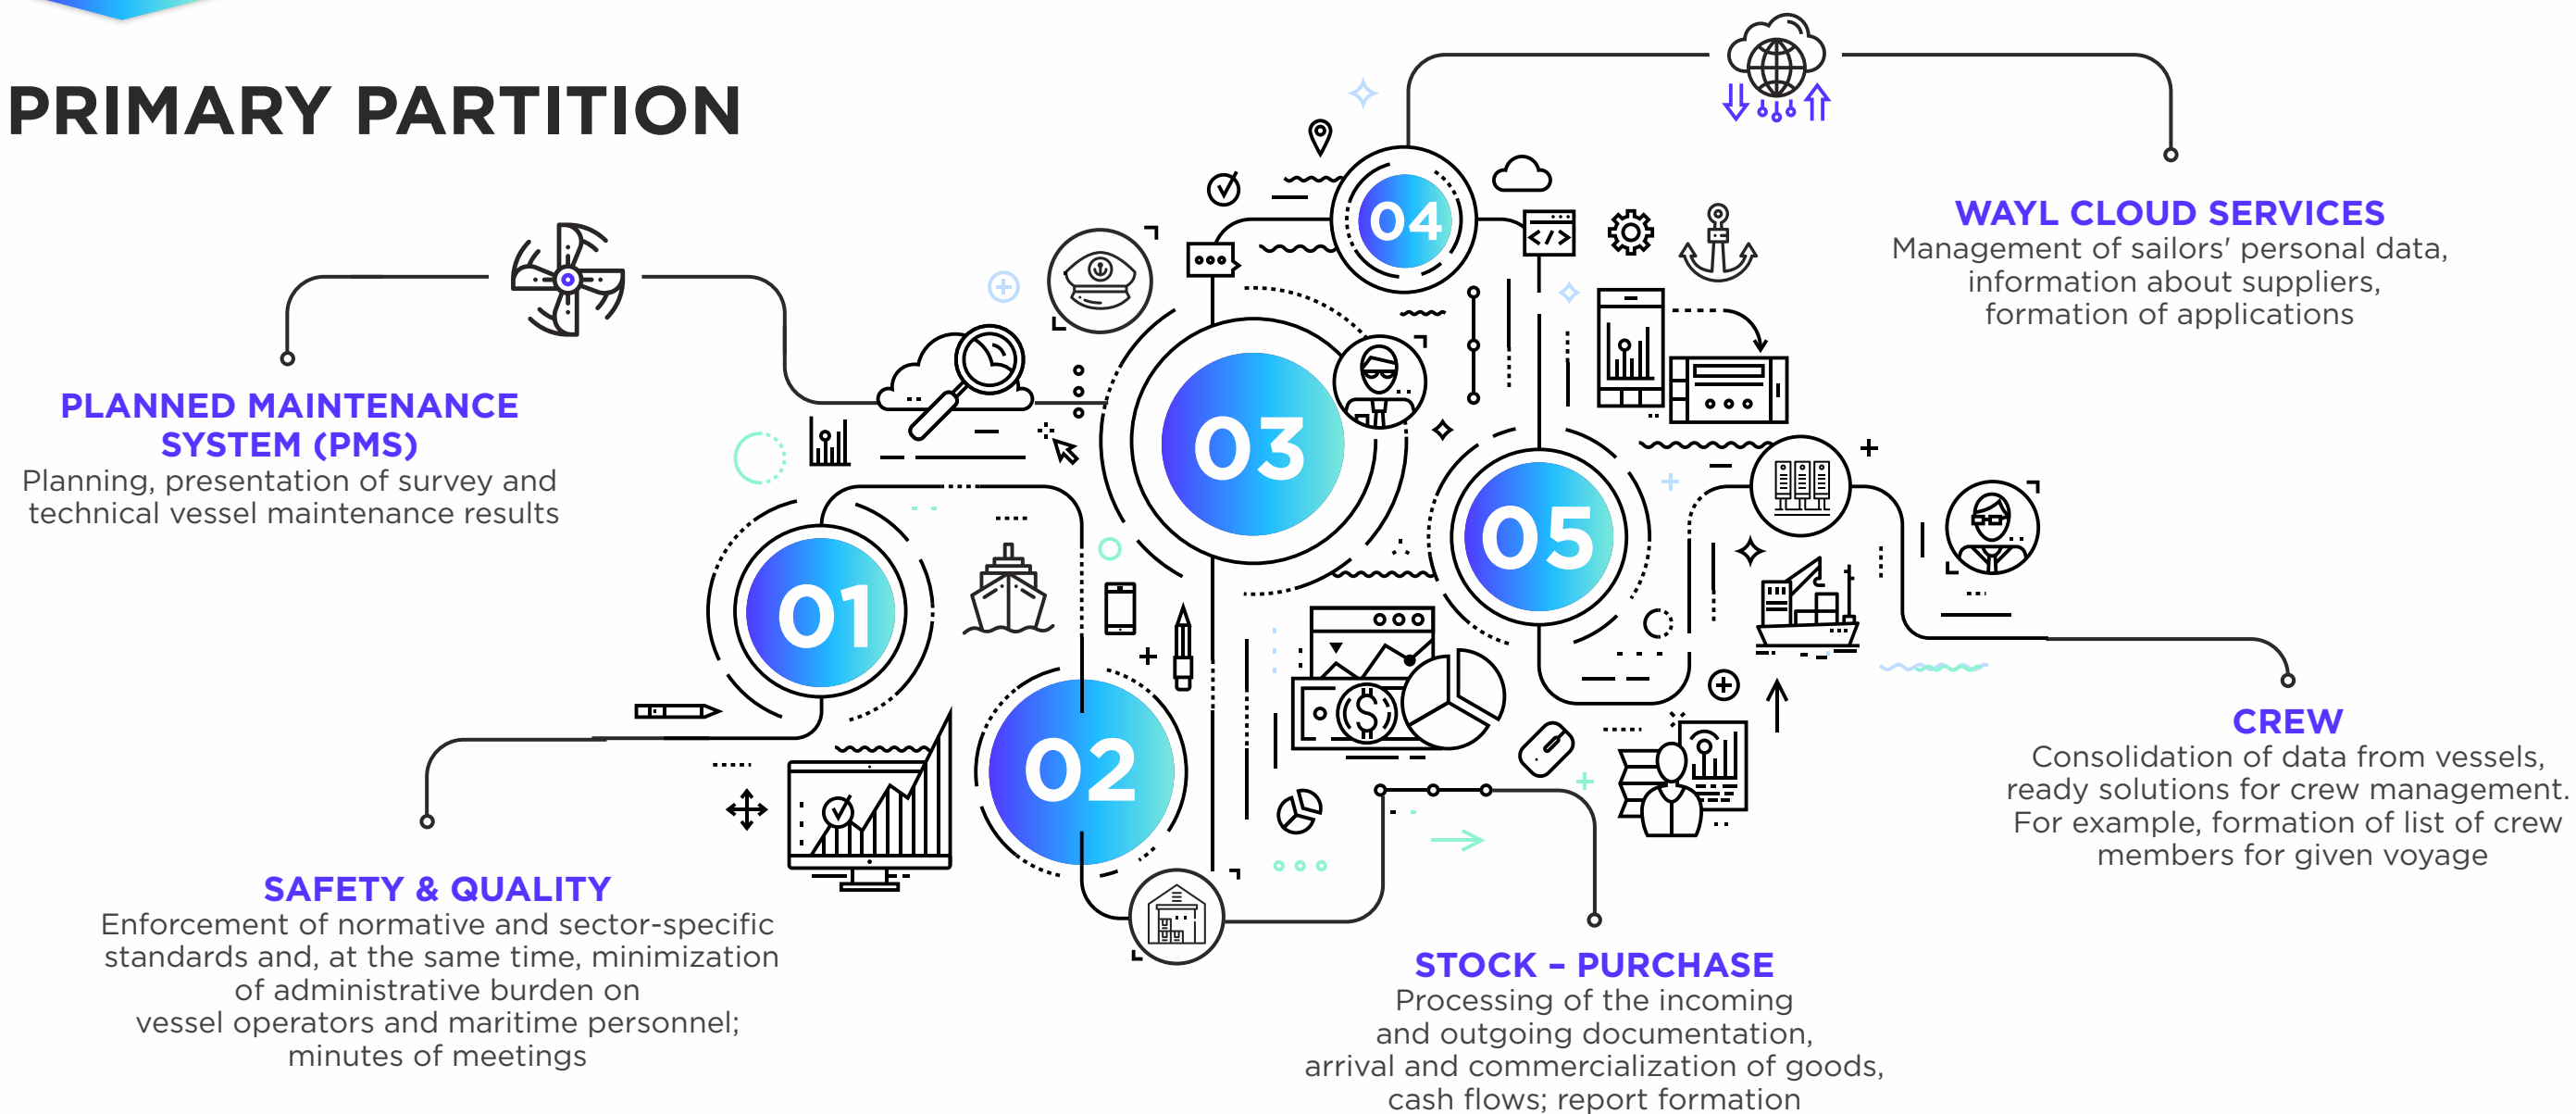

Continuous  
system work  
(offline mode)

System division,  
modality  
(Flexible pricing)

# PRIMARY PARTITION

# ADVANTAGES FOR SHIPPING COMPANY

**CONSIDERABLE REDUCTION OF TIME OF DOCUMENT EXCHANGE**  
electronic document is transferred instantly

**FAST INSERTION**  
of incoming documents into  
the information system

**AUTOMATIC CREATION**  
of reports and lists

**MINIMIZATION OF  
NUMBER OF ERRORS,**  
caused by human factor

**CONSIDERABLE  
ECONOMY**  
on expendables,  
post and courier expenses

**NO NEED**  
of paper archive,  
documents do not get lost

**MORE OPPORTUNITY**  
for expansion of functionality  
and data base

# TECHNICAL SUPPORT

**AVAILABLE 24/7**

TO HELP SHIPPING COMPANIES AND CREW  
IN THEIR EVERYDAY TASKS

# OUR TEAM

**Vitalii Janpavlis****Project Director and Inspirer**

I introduce new technologies into everyday life for simplification and reduction of routine work

**Zhan-Jan Smulko****Senior IT Developer**

I prefer to find non-standard approaches to any task solution

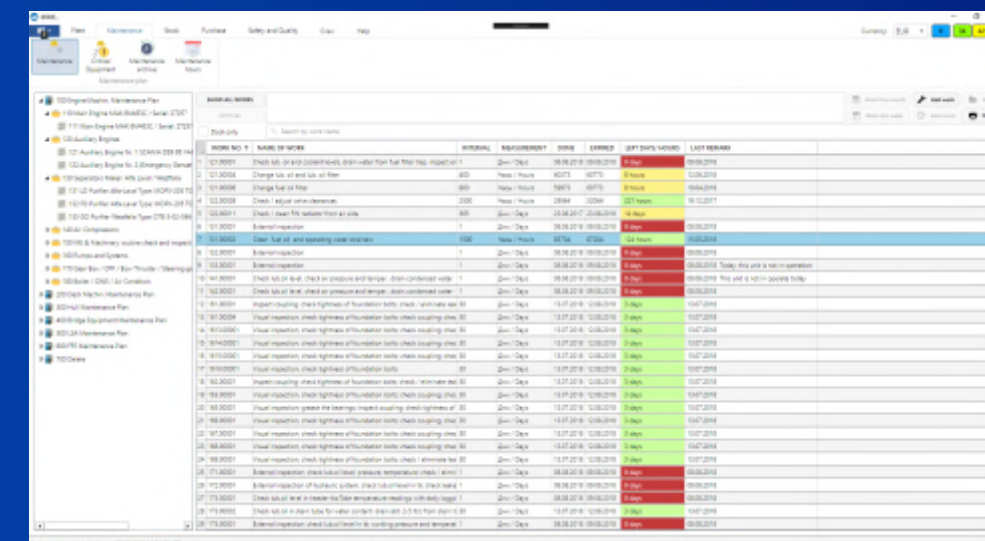

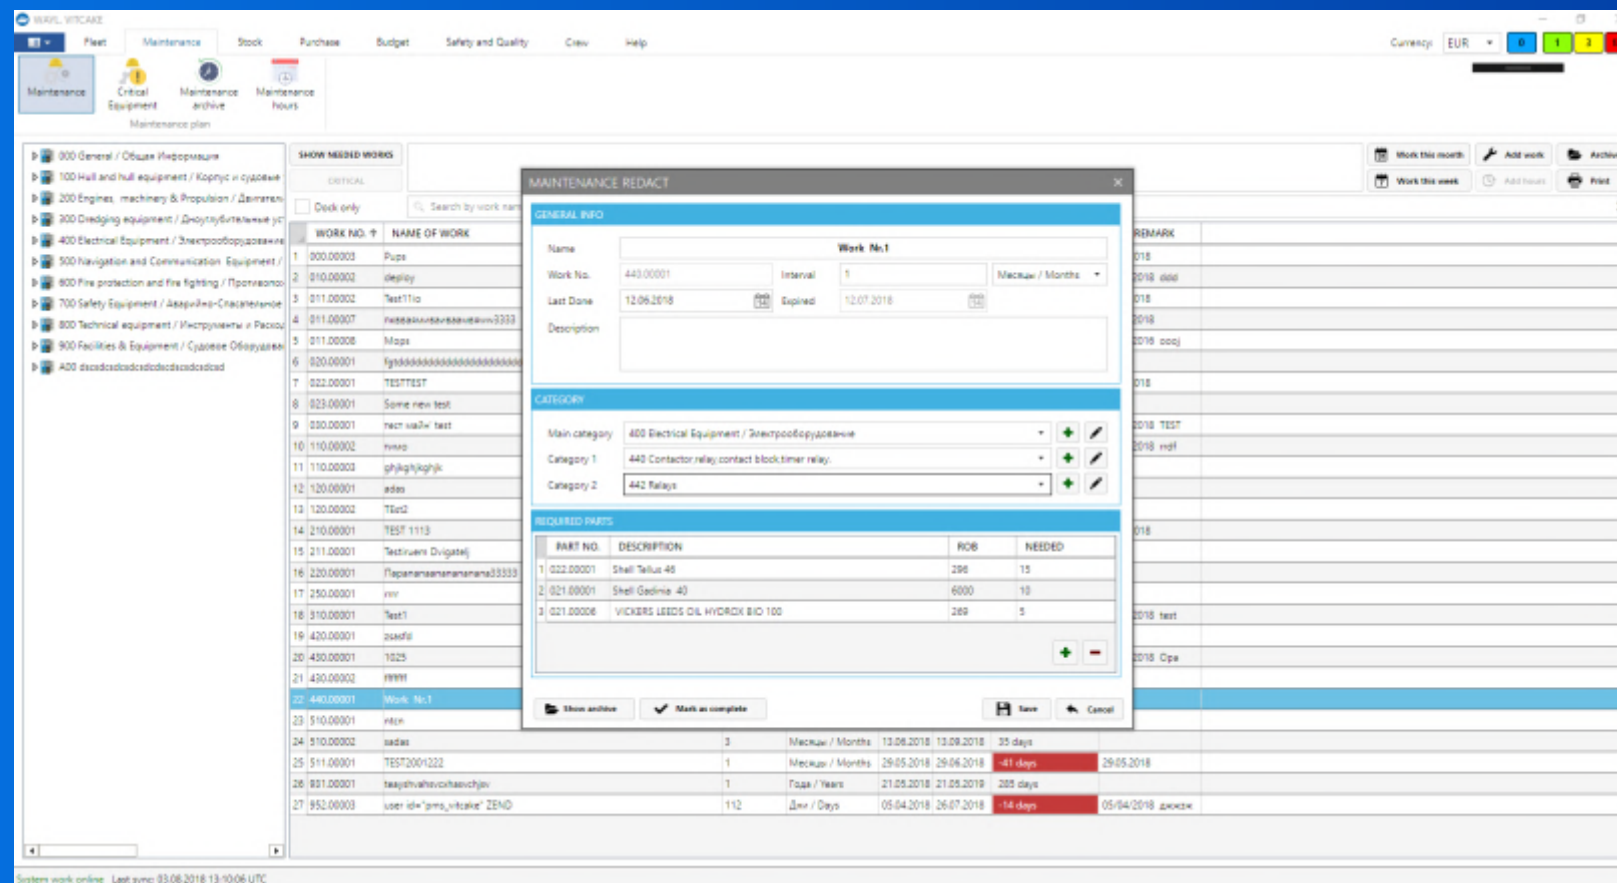

**Vyacheslav Gorin****C# Programmer, Software Engineer**

I love to optimize everything and create intuitively clear, available interfaces

**Sergey Trofimov****Software Engineer, Developer of Mobile Platforms**

I solve any task qualitatively
